

Applying to Stamford

To apply the application form can be completed and returned digitally-

You can complete the form digitally [here](#)

After completing the form print and sign,

To return please scan and email or if you do not have access to a scanner then a photograph is sufficient.

**If you do not have access to a printer please contact us*

Testing

Once we have received the application form and application fee, we can organise testing and interviews.

The candidate will need:

- A laptop, desktop computer or a tablet with access to the internet to sit the test.
- A second device capable of video conferencing; laptop, phone, tablet or desktop with web cam also connected to the internet.

How this works:

- We will send you a link and a test code, do not use this until you are ready to take the test on the main device.
- We will invigilate the test via Skype/Teams/WhatsApp, the second device needs to show the pupil and the test screen as this allows us to support if there is an issue with testing.
- There may be a written part to the test which can also be completed with digital invigilation.

Interview

You will also be invited to meet with some of the school staff via a digital video conference, this can be organised for the same day as the test or for another suitable time.

What happens next

- We will request a reference from the current school (not for Reception entry)
- Once we have all the above information, we are able to make a decision on offering a place.
